Q1. Mandala Art – “Circle of India’s Landforms”

Task:

Create a mandala where each ring represents a physical feature.

- Inner circle → Himalayas
- Next → Plains
- Next → Plateau
- Outer → Coasts & Islands

Q2 Travel Brochure – “Incredible India: Landform Edition”

Task:

Design a brochure with:

- Best places to visit in each landform
- Drawn icons (mountain, river, camel, beach, etc.)
- A slogan for each region

Q3. Project – “Ocean and Us”

Prepare an art-integrated interdisciplinary project on Andaman & Nicobar Islands titled “Ocean and Us.”. Your project should creatively combine learning from Geography, History, Civics, Science, and Art by including:

- A map or 3D model showing island formation and coral reefs (Geography)
- A short write-up on the Cellular Jail and India’s freedom struggle (History)
- A poster or paragraph on disaster management and coastal protection (Civics)
- A chart or drawing depicting marine life and conservation efforts (Science)
- A seashell craft or underwater mural to visually represent the theme (Art)

Q4. Comic Strip – “A Journey Across India’s Landforms”

Task:

Create a comic strip where a character travels from:

Himalayas → Plains → Plateau → Desert → Coasts → Islands

Show changes in:

- Climate
- Food
- Clothing
- Lifestyle
