HOLIDAY'S HOMEWORK

CLASS-V

Dear Parents

Summer Vacation is a time for the children to enjoy and relax . These days are precious and valuable and can be made most from if judiciously used. We should always remind ourselves that children will not remember us for the gifts we shower upon them but will always cherish the time we spent with them. Its time to nurture young minds, inculcate moral values and narrate family anecdotes to keep them in touch with their roots.

Here are the few suggested activities which will help our students utilize their time effectively and have a good learning experience.

Read books and newspaper daily.

Do Exercise/ Yoga daily.

Help your parents.

Spend time in nature.

Eat healthy food.

Spend time with grandparents.

Keep your surroundings clean.

Revise concepts done in the class.

“Success is the sum of small efforts repeated day in and day out”.

The objective of holiday homework is to empower our students to work independently and enhance their academic abilities. Please take note:

- Prepare a systematic timetable and follow it religiously from the very first day.
- Allow them to complete their homework on their own under your guidance.
- Encourage them to dedicate some time each day to writing one page of English in a separate notebook to enhance their handwriting skills.
- Encourage them to choose two new words from their daily conversations and write them down in their notebook.

INTERDISCIPLINARY PROJECT

THEME: SEASONS

(To be done in separate Scrap Book)

ENGLISH- Time changes from one season to another. Each season brings its own cheer and beauty. Here are some activities based on the seasons for you to do this vacations.

- 1) Pen down few DO 's and DON'T's to be observed during summer season.
- 2) Prepare a weather forecast each day for 1 week. Make it colourful.

HINDI- अपने प्रिय मौसम के बारे में सुंदर अनुच्छेद लिखिए। (100 शब्दों में)

{A4 शीट पर लिखना है तथा उस मौसम से संबंधित चित्रों से बॉर्डर बनाकर उसे सजाएँ}

MATHS- Take the cutout of weather forecasts (temperature , humidity, etc. from the newspaper for one week and paste it. Use this information to make a bar graph and show the hottest and coolest day of the week .

EVS- 1) Rotation and Revolution of Earth.

- 2) Types of seasons- Pick any 2 states and compare their weather condition , clothes , food , temperature, rainfall , crops etc.
